

Lutherans For Life Cross Display

The cross display causes us to both celebrate life as a gift from God, and grieve deeply for the loss of life of the unborn. The display also communicates mercy and compassion for those who have suffered because of an abortion.

Word of Hope, a help line (888-217-8679), offers comfort and compassion to those who need help after experiencing a loss due to abortion.

Every day approximately 2,800 babies lose their lives to abortion in the United States. Two hundred and eighty crosses are planted at St. John Lutheran Church. Each cross represents 10 lives lost to abortion.

What can we do to end abortion?

All Christians can reverence life as God's gift, pray for the end to abortion, and support a culture of life for all—the unborn, disabled, and elderly. You can lend your time, talents, and treasure to organizations that speak out for life such as Lutherans for Life, Crisis Pregnancy Centers, and agencies that provide for adoption.
