Audio/Podcast

[You Are Forgiven Radio](#) - These weekly sermons always deliver Christ crucified.

[Thinking Fellows, "COVID-19"](#) - My son Caleb and I are joined by Dan Price to talk about the impact and responses to the coronavirus. We also look at Martin Luther's letters on the plague in the sixteenth century, and talk about vocation and proclamation in these trying times.

[30 Minutes in the New Testament](#) - Dan Price and Erick Sorensen are currently exploring the Book of Luke. This would be a great opportunity to "binge listen" to their series!

[40 Minutes in the Old Testament](#) - Dan Price and Chad Bird are moving chapter by chapter through the Old Testament, diving into scripture, and conversing about the sinner and saint aspects of God's Word.

[Christian History Almanac](#) - This five-minute podcast consists of stories from the past about the saints and sinners who have shaped the history of the church and concludes with a piece of prose or poetry and the reminder that everything is going to be okay.

Videos/LIVE

[All of our 1517 Academy courses are available for free](#) - These courses, which typically last between four to eight weeks, provide in-depth investigations into a variety of topics.

[Christ Hold Fast Daily Devotional](#) - Tune in LIVE every morning as Christ Hold Fast Contributors give a brief devotional to start the day.

Articles

[COVID-19 and a Time of Uncertainty](#) - Here are some reflections from my son Caleb on the Christian response to COVID-19.

[Marrying a Nun to Prepare for the End of the World](#) - Chad Bird reminds us that, in the vortex of uncertainty and upheaval, the best thing we can do is to "seize the ordinary."
